

# TENNESSEE QSO PARTY 2022 RESULTS

Despite poor propagation - due to the Planetary K-Index being high at Kp=6; yet, our Prime Directive of having fun was achieved again despite difficult propagation conditions. Log entries were down from 2021 by 3 with 341 coming through, but nothing like the Covid Year of 2020 when many of us were home and the record of 415 entries was set. Of the 341 logs in 2022, 102 came from within Tennessee and 239 from elsewhere.

Our usual mobile stations were not out there this year with the W4NZ/m and N4ZZ/m stations operating from home and the AD4EB/m mobile contesting station awaiting delivery and outfitting of a new vehicle. That aspect reduced our activated counties list to only 43 of the 95 counties. For 2022, that meant lots of participation was sustained but far fewer counties were active; yet QSO numbers remained high at 28,805.

The W4NZ Team of W4NZ, K4VIG, W4XK, KE4CMA, WA4AA, and KØEJ broke the million-point barrier with 1,007,721 credited to Tennessee Valley DX Association. The K4RO team ran right behind.

Our K4TCG Bonus Station was led by Juan Lopez AC6ZM in Loudon County with 732 QSOs and 180 multipliers. Team members were AC6ZM, WK9M, KV4XY, and WW4WTF.

Something new for 2022 was the collecting of logs through [tnqp.contesting.com](http://tnqp.contesting.com). That worked out really well. For 2023 we will use it again and logs will need to be submitted in Cabrillo format. The 2023 Rules will soon be available on the [tnqp.org](http://tnqp.org) website.

Bands have been improving. What did not work well in past years for higher frequency bands and kept us on 80/40/20 meters is passing. Conditions this Fall have been better than in many years, so in 2023 maybe we can raise our scoring on 10/15 meters to be better than recent years.

So, until next year on September 3<sup>rd</sup> when we do it over again, let the Prime Directive of having fun guide you into busy and enjoyable times being radio-active.

Ted Edwards, W3TB  
TCG President for 2022

Tennessee Contest Group gave a special presentation to Jim and Melody Hall, AD4EB and KI4HVY, for their monumental activity in TNQP and many other contests over the years with their AD4EB/mobile Contesting Machine - Jim as the operator and Melody as the driver.

They were not available as a mobile station this year, because it took a very long time for a new vehicle to be delivered and then outfitted as a Mobile Contesting Machine.

Watch for AD4EB/mobile in lots of QSO parties in the coming months and activating LOTS of Tennessee Counties in the 2023 TNQP.
